TENDER FOR SUPPLY & INSTALLATION OF 3D PRINTER's
FOR
INDRAPRSTHA INSTITUTE OF INFORMATION TECHNOLOGY DELHI
PHASE-III, NEW DELHI-110020

(Tender no. IIITD/MM/3D Printers /75/2020-21)

INVITATION FOR BIDS

Indraprastha Institute of Information Technology -Delhi (IIITD), a State University created by an Act of Govt. of NCT of Delhi, invites sealed bids for **Supply and installation of 3D Printers** (as per specifications mentioned under Scope of Work below) for its campus at Okhla Phase-III New Delhi-110020.

1. Earnest Money Deposit: Exempted. Bid Security Declaration to be submitted as per Annexure-X
2. The tender document can be downloaded from the Institute's web-site. Those wishing to get the copy of the document from the Institute may please deposit non-refundable Tender Document Fee of Rs.1,180/- (Rupees One Thousand One Hundred Eighty only) in the form of Demand draft drawn in favour of IIIT-Delhi Collections", payable at New Delhi or may deposit Rs.1,180/-with the F&A division of the Institute and enclose the receipt with the filled up tender document. Tender fees is exempted for MSMEs/NSIC registered suppliers.
3. The last date for submission of bid is 12th March 2021 up to 4:00 PM. The Technical bids shall be opened on the same day i.e. 12th March, 2021 at 4.30 P.M. The Tender Document should be addressed to:

Registrar,

**Indraprastha Institute of Information Technology-Delhi
Okhla Phase-III, (Behind Govind Puri Metro Station)
New Delhi-110020.**

The document may be deposited in the Tender Box kept in the Store & Purchase department at the Room no. A 107, First Floor, Old Academic Block of the Institute. Bids received after 4:00 PM will not be accepted or considered under any circumstances.

Bidding Procedure:

1. Bids are invited in Two Bids System i.e. (1) Technical and (2) Financial.

Technical and Financial bids should be sealed separately and enclosed in a sealed envelope clearly indicating separately Technical Bid for "**Supply and installation of "3D Printers /Fused Filament Fabrication"**" and Financial Bid for "**Supply and installation of "3D Printers /Fused Filament Fabrication "**" addressed to Registrar IIIT-Delhi, Okhla Industrial Area Phase-III, New Delhi-110020.

2. Sealed quotations shall be received not later than 4.00 P.M. on 12th March, 2021. No bids will be accepted after this date & time under any circumstances. The Institute will not be responsible for any postal/courier delay and also for reasons beyond control of the Institute.
3. Technical bids must contain the EMD declaration, along with complete technical details as desired by this tender. Technical bids of all the tenderers will be opened on pre scheduled date, time & venue. The financial bid will be opened after evaluation of the technical bid. Financial bid of only those meeting the requirement of the Institute will be opened and no representation in this regard will be entertained. The date, time of opening of financial bid will be communicated later.

Scope of Work

Technical Specifications of the 3D Printer /Fused Filament Fabrication (Quantity - 3)

TECHNICAL SPECIFICATION

S.No	Requirements	Details
1	Printing Technology:	Fusion Deposition Modelling with dual extrusion
2	Build Tray Dimension:	Would prefer 300mm x200mm x 200mm volume. (should be consistent for all material)
3	Accuracy (Layer Thickness):	Layer accuracy should be equal or better than 100 micron. Reliability certificate would be required. Upto how many hours continuously the machine can work.
4	Noise Specification:	Noise should be less than 40 DB
5	Network Connectivity	Wireless connectivity mandatory along with wired
6	System Requirements	Should be compatible with Windows 7, and higher version of windows or MAC-OS with a minimum of 4GB RAM
7	Safety	If any fumes are there, proper safety accessories should be present to remove any fumes. Certificates from 3D printer brands only will be required to submit, to ensure that fumes (if any) are not at all danger. We would prefer only the closed chamber of the machine controlled by the machine itself.
8	Storage	Should be compatible to work in an indoor environment as well as in an open area.
9	Power Requirements	200 – 240V/7A. 50/60 Hz , 16 A (If any specific power requirements than company need to provide a voltage converter with their product)
10	Regulatory Compliance	Should follow the standard policies like RoHS etc.
11	Display	Touch Screen (resistive or capacitive)

12	Warranty	(3 Years) or (1 yr warranty with additional 2 year of AMC. AMC should include maintenance and hardware of the machine with replacement if damaged without any additional cost). Suppliers will be required to give the training and demo of their product before and after the installation and also during the warranty or AMC period.
13	Software	<p>Company (to which 3D printer belongs) made software should be included with a 3D printer for all time. Software should support slicing and controlling of the model. It should have the flexibility to separately place each 3D print file. Should provide flexibility to change design all parameters related to printing. Should provide the details of material required to make it before printing. Should be able to give the command directly to the software wirelessly to the machine. Should have the compatibility to monitor the 3D print using software only. Any other advanced additional features which will help to reduce the manual work and automatically can update the user for the requirements or any change if required in the design.</p> <p>Should provide the possibility to export and import a variety of files in different formats (like pdf and others) so that the design can be easily stored and saved in the system for other uses.</p>
14	Material Compatibility	PLA, ASA, ABS, TPU, CARBON FIBER, and others like conductive material. (Should support minimum 3 material as given here)
15	Supportive accessories with 3D printer	<p>Accessories with 3D printers should be included like Material handling box, support material removal system. (Preference would be easy automatic removal of support material without any manual interference at all).</p> <p>Camera to see the building of 3D printing process.</p>
16	Other accessories	<p>For each distinct material, the head unit should be available (each of qty - 1) with a 3D printer. At Least 1 spool company made (to which the printer belongs) of each distinct material required.</p> <p>Handling tools for removing the build part from the plate will be required and as well as for self-maintenance of the machine. For human safety proper guidelines should be present.</p>
17	Calibration Process	X,Y,Z axis Calibration process should be performed automatically by 3D Printer without any manual interference.

Minimum Eligibility Requirement:

- 1 Bidder should be OEM/Authorized Partner/service provider of the OEM. In case the tenderer is an Authorized Partner or Service Provider a valid Agency-ship/Dealership Certificate (MAF specific to this tender) to quote on behalf of OEM should also be enclosed along with the technical bid. **A document in support of this must be enclosed.**
